

Solarthermie

ESSP-B: The innovative buffer storage for solar thermal systems and heat pumps

Institution: ECOTHERM Austria GmbH

Location: Hartkirchen, Austria

Hybrid Collector - combined heat and power generation

Company: SunWin Energy Systems GmbH

Location: Pasching, Austria

Heliotube: Inflatable concentrating solar collectors

Company: HELIOVIS AG

Location: Wiener Neudorf, Austria

Spices production by solar heat

Comany: TiSUN GmbH

Location: Kirchbichl, Austria

Bionic absorber: The new generation of solar collectors

Company: Sun Master Energiesysteme GmbH

Location: Eberstalzell, Austria

(c) Sun Master

Austrian technology for the world's largest solar thermal system

Company:

GREENoneTEC Solarindustrie GmbH
AEE - Institut für Nachhaltige Technologien

Location: Riad, Saudi Arabien

Pulsspeed Bender - revolution in collector production

Company:

DTEC GmbH
TiSUN GmbH

Location: Spital am Pyhrn, Österreich; Stockach, Austria

S.O.L.I.D. is building the largest solar cooling system in the world for university campus

Company: S.O.L.I.D. Gesellschaft für Solarinstallation und Design mbH

Location: Singapur
