

Photovoltaik

Electricity from photovoltaics directly in operation

Company:

EVVA Sicherheitstechnologie GmbH

10hoch4

Location: Vienna, Austria

Hybrid Collector - combined heat and power generation

Company: SunWin Energy Systems GmbH

Location: Pasching, Austria

Renewable hydrogen feed into the gas network

Company: OÖ- Ferngas AG, Fronius International GmbH

Location: Haid/Ansfelden, Austria

Sunnybag - Solartasche combines renewable energies with recycling

Company: SunnyBAG GmbH

Location: Graz, Austria

Microorganisms store electricity from renewable energy sources

Company: Krajete GmbH

Location: Linz, Austria

(c) Krajete GmbH

Ecotherm - PV-IFIX: PV installation without tools

Company: ECOTHERM Austria GmbH

Location:

Hartkirchen, Austria

© ECOTHERM

The lightest solar cell in the world

Company:

Johannes Kepler Universität Linz

Universität Tokyo

Location: Linz, Austria

Suncity Weiz - terraced house in the Plusenergiestandard

Consortium:

Arch. DI Erwin Kaltenegger

Gemeinnützige Siedlungsgesellschaft ELIN GmbH

Location: Weiz, Austria

Energy3000 Powerstation - Use sun energy also at night

Company: Energy 3000 GmbH

Location: Eisenstadt, Austria

EDCS - The "smart" energy consumption management system

Company: NET - Neue Energie Technik GmbH

Location: Salzburg, Austria

Monographs - The basis for a flexible photovoltaic system

Company: crystalsol GmbH

Location: Vienna, Austria

Solwing T - 30% increase in efficiency thanks to an efficient tracking system

Company: HILBER SOLAR GmbH

Location: Tyrol, Austria

In Cooperation with PV Austria
